

Product Data Sheet

Battery operated crimping and cutting tool - BCCT10300

Description

Battery operated crimping and cutting tool suitable for crimping the TQ range of copper tube terminals from 10 - 300mm² with interchangeable blades for cutting armoured copper cables up to 40mm diameter.

Crimping Profile 

Features:

- Variable output force facility
- Illuminated LCD digital readout providing information of battery level, force, operation time, error or faults.
- LED illumination lamp.
- Temperature sensor prevents tool operating over 60°C to protect tool.
- Rotatable 350°C head.

Approved to BS EN 60745-1

Technical

Crimping force	60 KN
Stroke	42mm
Cutting cycle	70 times 3 - 15 seconds depending on cable size
Cutting range	40mm diameter copper and aluminium armoured cables
Crimping cycle	320 times
Crimping range	10 - 300mm ²
Voltage	18 v
Capacity	3.0 Ah
Charging time	2 hours

Contents

Tool	1
Cutting blades	1 set
Die adaptors	1 set
Hexagonal profile dies	10, 16, 25, 35, 50, 70, 95, 120, 150, 185, 240, 300mm ²
Battery charger	1
Batteries	2 Li-ion
Case	1
